

GOLDRUSH

COLLAPSIBLE 55 GALLON COMPOSITE CONTAINERS

packgen

The GoldRush semi-rigid, non-bulk solids container is an excellent choice for satellite collection and emergency response situations. It's also well-suited for use with incinerators, fuel blenders and smelters where space is an issue. GoldRush 55 Gallon Composite Containers are the logical choice for cost, space savings and convenience.

FEATURES & BENEFITS

-  55 gallon capacity
-  Unique knock down design allows 1300 empty GoldRush containers per 53' truckload
-  Reduction in storage space for empty containers up to 10X compared to steel, poly and fiber drums
-  Tare weight of 9 pounds is up to 80% less than steel drums
-  Two Flap closure design features integrated closure straps
-  LIFT STRAPS (not shown in photo)
-  Pre-installed 6 mil liner ensures a proper fit, reduces undue stress on the liner, and eliminates missing components
-  Custom screen printing available
