

# COWBOY

## COMPOSITE HAZMAT CONTAINERS

The PackGen Cowboy is the industry's original composite corrugated container that rewrites the rules for packaging your regulated and non-regulated materials. Renowned by field operators as the easiest to use and the most reliable knockdown container on the market, the Cowboy combines the best features with great value.

### FEATURES & BENEFITS

- The continuous fiberboard sleeve is bonded to woven coated polypropylene guaranteeing protection from the elements and increasing overall container strength by as much as 1.25X compared to pocket design containers
- Scored sides allow the container to knock down and lay flat when not in use, reducing freight and warehouse cost up to 30% vs. corrugated boxes
- Optional lab pack exempt
- Pre-installed liner ensures a proper fit, reduces undue stress on the liner, and eliminates missing components
- The optional SureFit reinforcing truss system eliminates side wall bulge and offers outstanding stackability

### PRODUCT SPECS

Packaging Identification Code

**11HG2W**

Max Gross

**2,400 lbs**

Volume/Dimensions

Volume **27 ft<sup>3</sup>**

Width **36" (914.4 mm)**

Length **36" (914.4 mm)**

Height **36" (914.4 mm)**

Closure/Top Description

**Open Top Duffled Liner  
w/ Reinforced 2-Flap  
Cover**

Exterior

**UV Treated High Density  
Woven Polypropylene**

Structure

**Multi-Layer Fiberboard**

Liner

**Low Density Polyethelene**

Pallet Quantity

**25 units**

Tare Weight

**22 lbs**
