

COMPOSITE HAZMAT CONTAINERS

The PackGen Cowboy is the industry's original composite corrugated container that rewrites the rules for packaging your regulated and non-regulated materials. Renowned by field operators as the easiest to use and the most reliable knockdown container on the market, the Cowboy combines the best features with great value.

FEATURES & BENEFITS

- 

The continuous fiberboard sleeve is bonded to woven coated polypropylene guaranteeing protection from the elements and increasing overall container strength by as much as 1.25X compared to pocket design containers
- 

Scored sides allow the container to knock down and lay flat when not in use, reducing freight and warehouse cost up to 30% vs. corrugated boxes
- 

Optional lab pack exempt
- 

Pre-installed liner ensures a proper fit, reduces undue stress on the liner, and eliminates missing components
- 

The optional SureFit reinforcing truss system eliminates side wall bulge and offers outstanding stackability

PRODUCT SPECS

Packaging Identification Code

11HG2W

Max Gross

2,400 lbs

Volume/Dimensions

Volume **27 ft³**

Width **36" (914.4 mm)**

Length **36" (914.4 mm)**

Height **36" (914.4 mm)**

Closure/Top Description

**Open Top Duffled Liner
w/ Reinforced 2-Flap
Cover**

Exterior

**UV Treated High Density
Woven Polypropylene**

Structure

Multi-Layer Fiberboard

Liner

Low Density Polyethelene

Pallet Quantity

25 units

Tare Weight

22 lbs
